DETAILED ACTION

1. This is in response to the applicant's argument filed 11/24/09 in which 21 was amended, claim 1-20 were cancelled, and claims 29-45.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 29-45 are rejected under 35 U.S.C. 102(e) as being anticipated by Yan et al. (US 2002/0152116; hereinafter "Yan").

Yan teaches a method comprising steps of: providing an authorized user of a credit card issued by a service provider ("... provide an authorized card holder of a credit card" paragraph 31, lines 1-3); the authorized user incurring debt on the credit card ("... provide an authorized card holder of a credit card, who incurs debts on or with the card..." paragraph 31, lines 1-6); and for a predetermined amount of debt incurred by the authorized user on the credit card, the service provider submitting an entry into a sweepstakes on behalf of the authorized user ("... provide an authorized card holder of a credit card, who incurs debts on or with the card, with an award (i. e. dynamically generated rebate, fixed rebate) that itself represents an opportunity, on the basis of the debts incurred with the credit card ... The second mode comprises awarding a deep sweepstake rebate wherein a transaction or an account is dynamically selected for a fixed discount percent as designated by the sponsoring card issuer..." paragraphs 31 and 30-32). The

sweepstakes comprise a contest in which a discount is provided on future transactions (this is considered unrelated to debt incurred) (see par. 0040). Furthermore, the structure of Yan is capable performing the method steps of providing prizes unrelated to debt incurred by entering authorized users into plurality of sweepstakes; further comprising conducting a drawing from entries of the sweepstakes, wherein the entry of the authorized user is one of the entries (see paragraph 7).

Allowable Subject Matter

5. Claims 21-28 are allowed.

6. The following is a statement of reasons for the indication of allowable subject matter: In view of the applicant amendments and arguments, claims 21-28 are allowed.

Response to Arguments

7. Applicant's arguments with respect to claims 21-28 have been considered but are moot in view of the new ground(s) of rejection.

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
